This two-volume set LNCS 10827 and LNCS 10828 constitutes the refereed proceedings of the 23rd International Conference on Database Systems for Advanced Applications, DASFAA 2018, held in Gold Coast, QLD, Australia, in May 2018. The 83 full papers, 21 short papers, 6 industry papers, and 8 demo papers were carefully selected from a total of 360 submissions. The papers are organized around the following topics: network embedding; recommendation; graph and network processing; social network analytics; sequence and temporal data processing; trajectory and streaming data; RDF and knowledge graphs; text and data mining; medical data mining; security and privacy; search and information retrieval; query processing and optimizations; data quality and crowdsourcing; learning models; multimedia data processing; and distributed computing.

A tour de force from acclaimed author Alan Gratz (Prisoner B-3087), this timely -- and timeless -- novel tells the powerful story of three different children seeking refuge.

This book constitutes the refereed proceedings of the 22nd International Symposium on Methodologies for Intelligent Systems, ISMIS 2015, held in Lyon, France, in October 2015. The 31 revised full papers presented together with 18 short papers were carefully reviewed and selected from 67 submissions. The papers are organized in topical sections on data mining methods; databases, information retrieval, recommender systems; machine learning; knowledge representation, semantic web; emotion recognition, music information retrieval; network analysis, multi-agent systems; applications; planning, classification; and textual data analysis and mining.

November 1972. The Vietnam War is rumored to be drawing to a close, and for sixteen-year-old Paul Landon, the end can't come soon enough. The end will mean his older brother Chris, the family's golden child, returning home from the Army for good. But while home on leave, Chris entrusts Paul with a secret: He's gay. And when Chris is killed in action, Paul is beset by grief and guilt, haunted by knowledge he can't share. That summer, Paul is forced to work at his family's pet supply store. Worse, he must train a new employee, JJ O'Neil, a gay college freshman. But though Paul initially dislikes JJ for being everything he's not--self-confident, capable, ambitious--he finds himself learning from him. Not just about how to handle the anxious, aggressive dogs JJ so effortlessly calms and trains, but how to stand up for himself--even when it means standing against his father, his friends, and his own fears. Through JJ, Paul finally begins to glimpse who his brother really was--and a way toward becoming the man he wants to be. . . . Praise for the novels of Robin Reardon "Stirring. . . thoughtful and convincing." --Publishers Weekly on Thinking Straight "A compelling story well worth your time. . . .Reardon is an author to watch." --Bart Yates, author of The Brothers Bishop on A Secret Edge

Stressed single mother and law partner Kate is in the meeting of her career when she is interrupted by a telephone call to say that her teenaged daughter Amelia has been suspended from her exclusive Brooklyn prep school for cheating on an exam. Torn between her head and her heart, she eventually arrives at St Grace's over an hour late, to be greeted by sirens wailing and ambulance lights blazing. Her daughter has jumped off the roof of the school, apparently in shame of being caught. A grieving Kate can't accept that her daughter would kill herself: it was just the two of them and Amelia would never leave her alone like this. And so begins an investigation which takes her deep into Amelia's private world, into her journals, her email account and into the mind of a troubled young girl. Then Kate receives an anonymous text saying simply: AMELIA DIDN'T JUMP. Is someone playing with her or has she been right all along?

I know God doesn't make mistakes, and if I'm gay it's because that's what he wanted. What you wanted. And I think the challenge is to get everyone else to see that. This is their test, not mine. If only Taylor Adams had kept on lying to his parents, none of this would have happened. He wouldn't have been shipped off to Straight to God, an institution devoted to "deprogramming" troubled teenagers and ridding them of their vices--whether it's drugs, violence, or in Taylor's case, other boys. Not that Taylor has a problem with being gay, or with reconciling his love for God with his love for his boyfriend Will. . . . At Straight to God, such thoughts--along with all other reminders of Taylor's former "sinful" life--are forbidden. Every movement is monitored, privacy is impossible, and no one--from staff to residents--is quite who they first appear to be. There's Charles, Taylor's clean-cut roommate, desperate to leave his past behind. . . .Nate Devlin, a handsome, inscrutable older boy who's alternately arrogant and kind. . . . gorgeous, secretive Sean, who returns to Straight to God each year to avoid doing prison time for drugs. Here, where piety can be a mask for cruelty and the greatest crimes go unpunished, Taylor will learn more than he ever dreamed about love, courage, rebellion, and betrayal--but the most surprising lessons will be the truths he uncovers about himself. In this smart, insightful new novel, Robin Reardon presents a compelling exploration of the journey from boy to man, and a testament to the strength that comes with accepting both who we are, and who we love. . . .
