.NET Windows Forms are a new programming paradigm introduced with Microsoft's .NET initiative. Windows Forms are very similar to Web Forms, which allow programmers to build complex Web application interfaces easily, sharing the same underlying framework and programming concepts. Windows Forms, however, are used for the Win32 platform, instead of the Internet, and allow programmers to build traditional Windows desktop-based applications structured around .NET. Sams Teach Yourself .NET Windows Forms in 21 Days covers all the major aspects of Windows Forms necessary to build professional, functional applications. This book follows the tried-and-tested 21 Days tutorial model to guide the reader through Windows Forms. It features code examples and tips for programmers migrating from pre-Windows Forms Microsoft technologies. The reader will be introduced to the many controls available for .NET Windows Forms and how to build them, learn how to create events and event handlers, explore ADO.NET and methods to retrieve data from dynamic data sources, and learn how to take advantage of the Internet and Internet Explorer from their .NET Windows Forms applications. As readers advance through the tutorials, they progress toward more advanced topics and projects by creating simple graphical applications and enhancing existing ones, learn how to integrate with other .NET applications, use Web services, build Windows services, build Windows Forms controls, create multi-threaded applications, work with COM and COM+ configure and deploy .NET Windows Forms, and how to de-bug .NET Windows Forms.

Having foiled sabotage of Project: Tesseract by an unknown spy ring, Sherlock Holmes and Dr. Skye Chadwick face the next challenge. How do they find the members of this diabolical spy ring when they do not even know what the ring is trying to accomplish? And how can they do it when Skye is recovering from no less than two nigh-fatal wounds? Further complicating matters is their relationship. For the ups and downs between Holmes and Chadwick are due to something more than the occasional clash of demanding, eccentric personalities. Chadwick acknowledges to herself that she has fallen in love with Holmes. Knowing he eschews matters of the heart, however, she struggles to hide it, in order to maintain the friendship they do have, preferring said friendship to total alienation. Holmes also feels attraction - but fights it tooth and nail, refusing to admit to the fact, even to himself. After all, it is not merely Skye's work the spies may be after - but her life as well. Having already lost Watson to the vagaries of spacetime, could he endure losing another companion? Can they work out the intricacies of their relationship? Can they determine the reason the spy ring is after the tesseract? And - most importantly - can they stop it?

This fully updated edition of The Engaged Sociologist by Kathleen Odell Korgen carries the public sociology movement into the classroom, while at the same time providing an engaging overview of the entire field. It demonstrates how to think sociologically, to develop a sociological eye, and to use sociological tools to become effective participants in a democratic society. Perfect as a supplement for an introductory course, or as a main text for any course that has public sociology at its roots, this inspiring book will serve as a guidebook to any student who is passionate about applying sociological concepts to the world around them.

Zoe becomes entangled in a complex murder case involving a dead miser, tipsy turkeys, and an eclectic cast of edacious heirs, when she agrees to help Jeremy in his temporary job at a nearby turkey farm two weeks before Thanksgiving.

"How do I know I covered all the requirements? Where do I begin? When should I stop? Did I miss something that will result in unpleasant surprises down the road?" If you are a Business Analyst, these questions will certainly mean something to you. You've probably asked yourself these questions at one point or another when you were assigned your early requirements development tasks.In this book, I introduce a requirements development roadmap that will guide you from start to finish. It is a plan carefully prepared and organized around consecutive stations. At each station, I tell you:1. The target objective, and why you need to think about that particular objective at that specific point in time2. Which elicitation techniques will best serve the objective, and which questions to ask in order to capture the information you need3. Which analysis tools to apply in order to analyze the information from different angles4. How to document the output of the exercise that you just performed

Erotic Paranormal Romance As one of the twelve Guardians, Urian has spent the last several centuries in a constant battle to keep the inhabitants of Earth's Realms under control. Humanity has to evolve, hell beasts need to die, and Immortals need mates. But lately, Uri's mind is overrun with thoughts of when his sexy voyeur will find him again, watching him from the shadows, continuing their wicked game. All Guardians are forbidden contact with the little goddess and her brothers, but his need for her escalating, he finds it increasingly difficult to keep from pinning her down on the nearest surface and making her his. Alexandra has managed to evade the Guardians and being cast out from the human Realm for centuries, ever since the Creators sent the Gods to sleep for their sins against humanity and banished all Immortals. Always sensing that she was needed on Earth, only once has Alex gone against her instincts and the price she paid will forever haunt her. It is for that reason she forces herself to stay away from the only male who has ever truly enticed her. The only one who has ever made her long for what she knows is dangerous. In a desperate need to help her beloved brother, she will have to go to the enthralling Guardian, her dark obsession, and even though he will surely attempt to exile her, she won't go easily... Warning: This book contains explicit and sizzling sex scenes with big dominant males. MFM, menage, and light bondage."
