~~Chronology of Farewell to Manzanar 1904 Ko Wakatsuki immigrates from Japan to Honolulu, then accepts passage to Idaho to work as a houseboy. 1906 Mama and Granny immigrate from Hawaii to Spokane, Washington. April 18, 1906 San Francisco suffers a cataclysmic earthquake and fire the day before Mama and Granny arrive.~~

~~During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of curriculum in schools and on campuses across the country. Last year the San Francisco Chronicle named it one of the twentieth century's 100 best nonfiction books from west of the Rockies. First published in 1973, this new edition of the classic memoir of a devastating Japanese American experience includes an inspiring afterword by the authors.~~

~~The American-born author describes her family's experiences and impressions when they were forced to relocate to a camp for the Japanese in Owens Valley, California, called Manzanar, during World War II, detailing how she, among others, survived in a place of oppression, confusion, and humiliation. Reissue.~~

~~A Japanese-American woman looks back on life at an internment camp during World War II and tells of how the fear, confusion, and ultimate dignity of the people there shaped her life. Copyright © Libri GmbH. All rights reserved.~~

~~Snow Mountain Passage is a powerful retelling of the most dramatic of our pioneer stories—the ordeal of the Donner Party, with its cast of young and old risking all, its imprisoning snows, its rumors of cannibalism. James Houston takes us inside this central American myth in a compelling new way that only a novelist can achieve. The people whose dreams, courage, terror, ingenuity, and fate we share are James Frazier Reed, one of the leaders of the Donner Party, and his wife and four children—in particular his eight-year-old daughter, Patty. From the moment we meet Reed—proud, headstrong, yet a devoted husband and father—traveling with his family in the “Palace Car,” a huge, specially built covered wagon transporting the Reeds in grand style, the stage is set for trouble. And as they journey across the country, thrilling to new sights and new friends, coping with outbursts of conflict and constant danger, trouble comes. It comes in the fateful choice of a wrong route, which causes the group to arrive at the foot of the Sierra Nevada too late to cross into the promised land before the snows block the way. It comes in the sudden fight between Reed and a drover—a fight that exiles Reed from the others, sending him solo over the mountains ahead of the storms. We follow Reed during the next five months as he travels around northern California, trying desperately to find means and men to rescue his family. And through the amazingly imagined “Trail Notes” of Patty Reed, who recollects late in life her experiences as a child, we also follow the main group, progressively stranded and starving on the Nevada side of the Sierras. Snow Mountain Passage is an extraordinary tale of pride and redemption. What happens—who dies, who survives, and why—is brilliantly, grippingly told.~~

~~The original CliffsNotes study guides offer a look into key elements and ideas within classic works of literature. CliffsNotes on Farewell to Manzanar explores the autobiographical childhood memories of the author's wartime incarceration in a Japanese-American internment camp. Following the first-person story of American-born Jeanne Wakatsuki, who was 7 years old when her family was forced into confinement with 10,000 other Asian-Americans after the bombing of Pearl Harbor, this study guide provides summaries and critical commentaries for each chapter within a narrative that spans three decades. ~~From the editor of the award-winning Children of Manzanar, Heather C. Lindquist, and Edgar Award winner Naomi Hirahara comes a nuanced account of the "Resettlement": the relatively unexamined period when ordinary people of Japanese ancestry, having been unjustly imprisoned during World War II, were finally released from custody. Given twenty-five dollars and a one-way bus ticket to make a new life, some ventured east to Denver and Chicago to start over, while others returned to Southern California only to face discrimination and an alarming scarcity of housing and jobs. Hirahara and Lindquist weave new and archival oral histories into an engaging narrative that illuminates the lives of former internees in the postwar era, both in struggle and unlikely triumph. Readers will appreciate the painstaking efforts that rebuilding required, and will feel inspired by the activism that led to redress and restitution-and that built a community that even now speaks out against other racist agendas.~~

~~Acclaimed author Sandler examines the pinnacle events of 1919 and their relevance to significant issues in American life today. 1919 was a world-shaking year. America was recovering from World War I and black soldiers returned to racism so violent that that summer would become known as the Red Summer. The suffrage movement had a long-fought win when women gained the right to vote. Laborers took to the streets to protest working conditions; nationalistic fervor led to a communism scare; and temperance gained such traction that prohibition went into effect. Each of these movements reached a tipping point that year. Now, one hundred years later, these same social issues are more relevant than ever. Sandler traces the momentum and setbacks of these movements through this last century, showing that progress isn't always a straight line and offering a unique lens through which we can understand history and the change many still seek.~~

~~Illus. with photographs from the Dust Bowl era. This true story took place at the emergency farm-labor camp immortalized in Steinbeck's The Grapes of Wrath. Ostracized as "dumb Okies," the children of Dust Bowl migrant laborers went without school--until Superintendent Leo Hart and 50 Okie kids built their own school in a nearby field.~~
