"Dentistry has constantly evolved over the years to keep abreast of the latest trends, techniques, and diagnostic procedures. Dental Schools have undergone a number of changes in an effort to arrive upon the ideal format for testing clinical knowledge in

File Type PDF

Saudi Board

examinations. Multiple-choice questions (MCQs) have been the most common modality by which dental students were examined. Although MCQs enable the testing of a broad range of topics, as well as being cost effective, they have largely been abandoned in favour

File Type PDF

Saudi Board

of scenario-based questions (SBQs). Traditional MCQs often abstract and measure only whether people recall facts in their short-term memory. Converting these questions to scenario-based questions can increase the level of difficulty, measure higher level thought

tests and competitive exams are hurdles that a candidate seeks to clear with ease. It all depends on meticulous preparation and the quality of resource materials available to the student.

Considering the quantity of subject matter that needs to be covered, it

File Type PDF
