My biggest issue is obvious mistakes, albeit on tangential factual matters. The first page refers to Hazeltine being in southwest Minnesota (it's not; it's in a suburb of Minneapolis, which is in east-central Minnesota). There's reference to I-12 (instead of Highway 212).

From the #1 New York Times bestselling author of A Good Walk Spoiled, a dramatic chronicle of the bitterly-fought 2016 Ryder Cup pitting a U.S. team out for revenge against the Europeans determined to keep the Cup out of American hands. Coming into 2016, the Americans had lost an astounding six out of the last seven Ryder Cup matches, and tensions were running high for the showdown that took place in October, 2016 in Hazeltine, Minnesota, just days after American legend Arnold Palmer had died. What resulted was one of the most raucous and heated three days in the Cup's long history. Award-winning author John Feinstein takes readers behind the scenes, providing an inside view of the dramatic stories as they unfolded: veteran Phil Mickelson's two-year roller-coaster as he upended the American preparation process and helped assemble a superb team; superstar Rory McIlroy becoming the clear-cut emotional leader of the European team, and his reasons for wanting to beat the US team so badly this time around; the raucous matches between McIlroy and American Patrick Reed - resulting in both incredible golf, and several moments that threatened to come to blows; the return of Tiger Woods not as a player but an assistant captain, and his obsession with helping the US win - which was never the case when he was playing. John Feinstein's classic bestseller, A Good Walk Spoiled, set the bar for golf books. Now Feinstein provides his unique take on the Ryder Cup, which has clearly become golf's most intense and emotional event...it's 'First Major.'

It is the tournament that separates champions from mortals. It is the starting point for the careers of future legends and can be the final stop on the down escalator for fading stars. The annual PGA Tour Qualifying Tournament is one of the most grueling competitions in any sport. Every fall, veterans and talented hopefuls sweat through six rounds of hell at Q school, as the tournament is universally known, to get a shot at the PGA Tour, vying for the 30 slots available. The grim reality: If you don't make it through Q school, you're not on the PGA tour. You're out. And those who make it to the sixday finals are the lucky ones: hundreds more players fail to get through the equally grueling first two stages of the event. John Feinstein tells the story of the players who compete for these coveted positions in the 2005 Q school as only he can. With arresting accounts from the players, established winners, rising stars, the defeated, and the endlessly hopeful, America's favorite sportswriter unearths the inside story behind the PGA Tour's brutal all-or-nothing competition.

Cinderella is an inside look at the NCAA's mid-major basketball programs. The rise of mid-majors has been one of the most thrilling sport stories of the past few years, and it's only getting bigger.

The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcriptsand a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. We have much to do in this winter of peril. Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

The incredible inside story of power, money, and baseball's last twenty years In the fall of 1992, America's National Pastime is in crisis and already on the path to the unthinkable: cancelling a World Series for the first time in history. The history of the American electorate is not a litany of flukes; instead it is a pattern of tectonic plate-grinding, punctuated by a landscape-altering earthquake every generation or so. Donald Trump's electoral coalition is smashing both American political parties and its previously impenetrable political news media.The political experts called the 2016 election wrong and in the wake of the 2016 election surprise, the experts have continued to blow it - looking to predict the coming demise of the President without pausing to consider the durability of the trends and winds that swept him into office. The Great Revolt delves deep into the minds and hearts of the voters the make up this coalition. What emerges is a group of citizens who cannot be described by terms like "angry," "male," "rural," or the often-used "racist." They span job descriptions, income brackets, education levels, and party allegiances. What unites them is their desire to be part of a movement larger than themselves that puts pragmatism before ideology, localism before globalism, and demands the respect it deserve from Washington. Zito and Todd have traveled on over 27,000 miles of country roads to interview more than 300 Trump voters in 10 swing counties. What they have discovered is that these voters were hiding in plain sight—ignored by both parties, the media, and the political experts all at once, ready to unite into the movement that spawned the greatest upset in recent electoral history. Deeply rooted in the culture of these Midwestern swing states, Zito and Brad Todd reframe the discussion of the "Trump voter" to answer the question- What next?
