Daniel Gerould’s landmark work, Theatre/Theory/Theatre, collects history’s most influential Eastern and Western dramatic theorists – poets, playwrights, directors and philosophers – whose ideas about theatre continue to shape its future. In complete texts and choice excerpts spanning centuries, we see an ongoing dialogue and exchange of ideas between actors and directors like Craig and Meyerhold, and writers such as Nietzsche and Yeats.

It is a brilliantly clear and readable examination of current theoretical approaches, from semiotics and poststructuralism, through cultural materialism, postcolonial studies and feminist theory.

Theory/Theatre: An Introduction: Fortier, Mark —

While performative elements are present in every society, it is customary to acknowledge a distinction between theatre as an art form and entertainment and theatrical or performative elements in other activities. The history of theatre is primarily concerned with the origin and subsequent development of the theatre as an autonomous activity.

Table of Contents: Theatre, theory, theatre

Theatre or theater is a collaborative form of performing art that uses live performers, usually actors or actresses, to present the experience of a real or imagined event before a live audience in a specific place, often a stage. The performers may communicate this experience to the audience through combinations of gesture, speech, song, music, and dance.

World Theories of Theatre expands the horizons of theatrical theory beyond the West, providing the tools essential for a truly global approach to theatre. Identifying major debates in theatrical theory from around the world, combining discussions of the key theoretical questions facing theatre studies with extended excerpts from primary materials, specific primary materials, case studies and coverage of Southern Africa, the Caribbean, North Africa and the Middle East, Oceania, Latin America, East Asia, and India. The volume is divided into three sections: Theoretical questions, which applies cross-cultural perspectives to key issues from aesthetics to postcolonialism, interculturalism, and globalization.

Cultural and literary theory, which is organised by region, presenting a range of theatrical theories in their historical and cultural context. Practical exercises, which provides a brief series of suggestions for physical exploration of these theoretical concepts. World Theories of Theatre presents fresh, vital ways of thinking about the theatre, highlighting the extraordinary diversity of approaches available to scholars and students of theatre studies. This volume includes theoretical excerpts from: Zsami Motokiyō Bharata Muni Wole Soyinka Femi Osofisan Uptal Dutt Saadallah Wannou Enrique Buenaventura Derek Walcott Werewere Liking Maryrose Casey Augusto Boal Tadashi Suzuki Jiao Junyi Oriza Hirata Gao Xingjian Roma Potki Poile Sengupta

This is a new and enlarged edition of Mark Fortier’s very successful and widely used essential text for students. Theory/Theatre provides a unique and engaging introduction to literary theory as it relates to theatre and performance. Fortier lucidly examines current theoretical approaches, from semiotics, poststructuralism, through cultural materialism, postcolonial studies and feminist theory. This new edition includes: * More detailed explanation of key ideas * New ‘Putting it into practice’ sections at the end of each chapter so you can approach performances from specific theoretical perspectives * Annotated further reading section and glossary. Theory/Theatre is still the only study of its kind and is invaluable reading for beginning students and scholars of performance studies.

Theory/Theatre is a unique and highly engaging introduction to literary theory as it relates to theatre and performance. It is a brilliantly clear and readable examination of current theoretical approaches, from semiotics and poststructuralism, through cultural materialism, postcolonial studies and feminist theory. In this, the third and fully revised edition of this now classic text, Mark Fortier particularly expands and updates the sections on: queer theory postmarxist theory technology and virtuality post-colonialism and race Also including completely new writing on cognitive science, fast becoming a cornerstone of theatre and performance theory, this revised edition is an indispensable addition to every theatre student ’s collection.

Featuring the writings of Wilde, Brecht, T.S. Eliot, and Tennessee Williams, among many others, this book considers theatrical aesthetics, dramatic criticism, and performance theory to help students, teachers and practitioners to think critically about the nature of theatre.

Through a collection of original essays and case studies, this innovative book explores theory as an accessible, although complex, tool for theatre practitioners and students. These chapters invite readers to (re)imagine theory as a site of possibility or framework that can shape theatre making, emerge from practice, and foster new ways of seeing, creating, and reflecting. Focusing on the productive tensions and issues that surround creative practice and intellectual processes, the contributing authors present central concepts and questions that frame the role of theory in the theatre. Ultimately, this diverse and exciting collection offers inspiring ideas, raises new questions, and introduces ways to build theoretically-minded, dynamic production work.

Beginning with Aristotle and the Greeks and ending with semiotics and post-structuralism, Theories of the Theatre is the first comprehensive survey of Western dramatic theory. In this expanded edition the author has updated the book and added a new concluding chapter that focuses on theoretical developments since 1980, emphasizing the impact of feminist theory.

*Music Theory for Musical Theatre is designed to demystify music theory and analysis and make it more accessible to musical theatre students. It aims to equip them with a basic skill set to apply directly to the art form. John Bell and Steven R. Chicurel explore how musical theatre composers use basic principles of music theory to illuminate characters and tell stories, helping students understand the form, structure, and dramatic power of musical theatre repertoire. *—BOOK JACKET.

Teaching Critical Performance Theory offers teaching strategies for professors and artist-scholars across performance, design and technology, and theatre studies disciplines. The book ’s seventeen chapters collectively ask: What use is theory to an emerging theatre artist or scholar? Which theories should be taught, and to whom? How can theory pedagogies shape and respond to the evolving needs of the academy, the field, and the community? This broad field of enquiry is divided into four sections covering course design, classroom teaching, the studio space, and applied theatre contexts. Through a range of intriguing case studies that encourage thoughtful theatre practice, this book explores themes surrounding situated learning, dramaturgy and technology, disability and inclusivity, feminist approaches, race and performance, ethics, and critical theory in theatre history. Written as an invaluable resource for professionals and postgraduates engaged in performance theory, this collection of informative essays will also provide critical reading for those interested in drama and theatre studies more broadly.

A valuable, provoking, important addition to any theatre scholar or practitioner’s library, especially since feminist theory is a relative newcomer to the world of theatre.
